

FLOOR MACHINES & BURNISHERS

FM 17/20

With its all metal construction, stainless steel brush cover and steel triple planetary gear boxes, the FM17/FM20 can stand up to the heaviest workloads, yet with its powerful 1.5 HP motor the ride is surprisingly smooth and quiet. The FM17/FM20 has quick and easy handle adjustment, an anti-fatigue design and non-marking PVC bumper that prevents marks on walls and furniture.
