

2P MINI

THE PRACTICAL AND ESSENTIAL SOLUTION

ERGONOMIC HANDLE

With the ergonomic handle of the Kinetic wringer, the trolley is functional and easy to move.

SUPPORT TRAY

Equipped with a functional tray for an easy storage of all equipment.

BUCKET

Double bucket for dirty and clean water, to reduce working time and save chemical/detergent products.

SHOCKPROOF BUMPERS

Protective bumpers to preserve the wheels from accidental blows.

INDUSTRY

INNOVATION

BLACK IS GREEN™

Black is Green is a range of exclusive products made of up to 75% certified recycled plastic, compliant with current Green regulations Public Procurement - GPP (Green Public Procurement).

2P MINI, is a practical and essential solution.

Its small dimensions make it ideal for all environments. Designed to be both light and resistant.

The trolley is equipped with two buckets (25l or 15l), one support tray and the new Kinetic wringer, granting higher manoeuvrability with its innovative ergonomic handle.
